Customer Reviews

John

★★★★★

Best headphones I've ever owned!

Sarah

★★★★☆

Great sound quality, but a bit expensive.

Mike

★★★★☆

Decent headphones, but battery could be better.

Theme Switcher

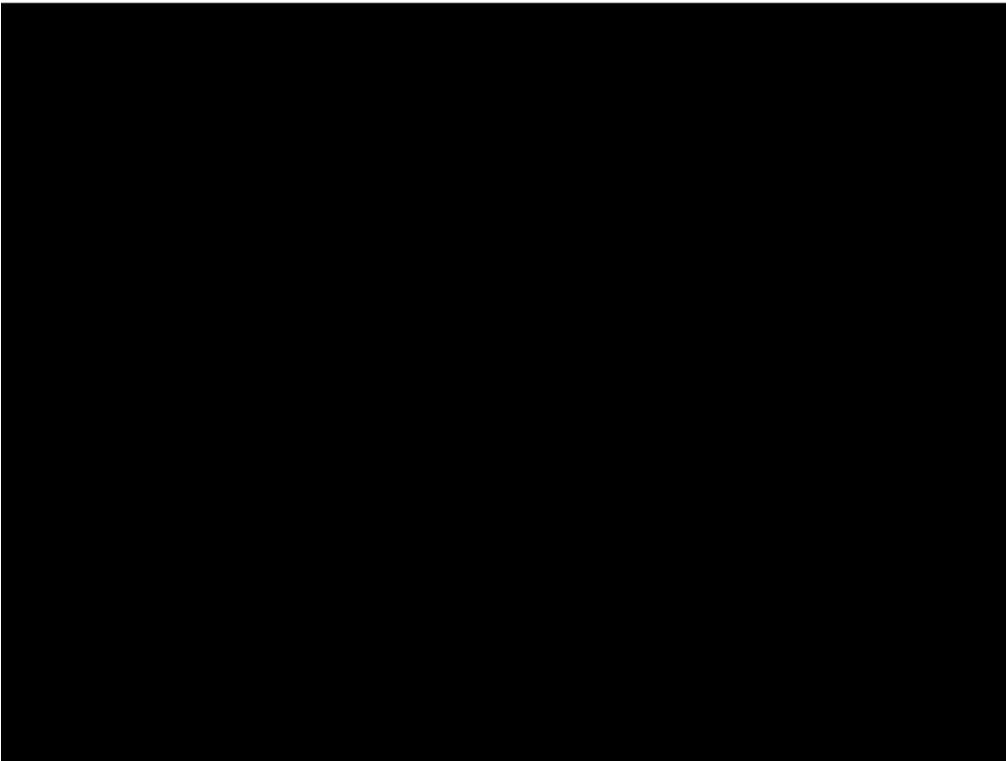

Current Theme: Light

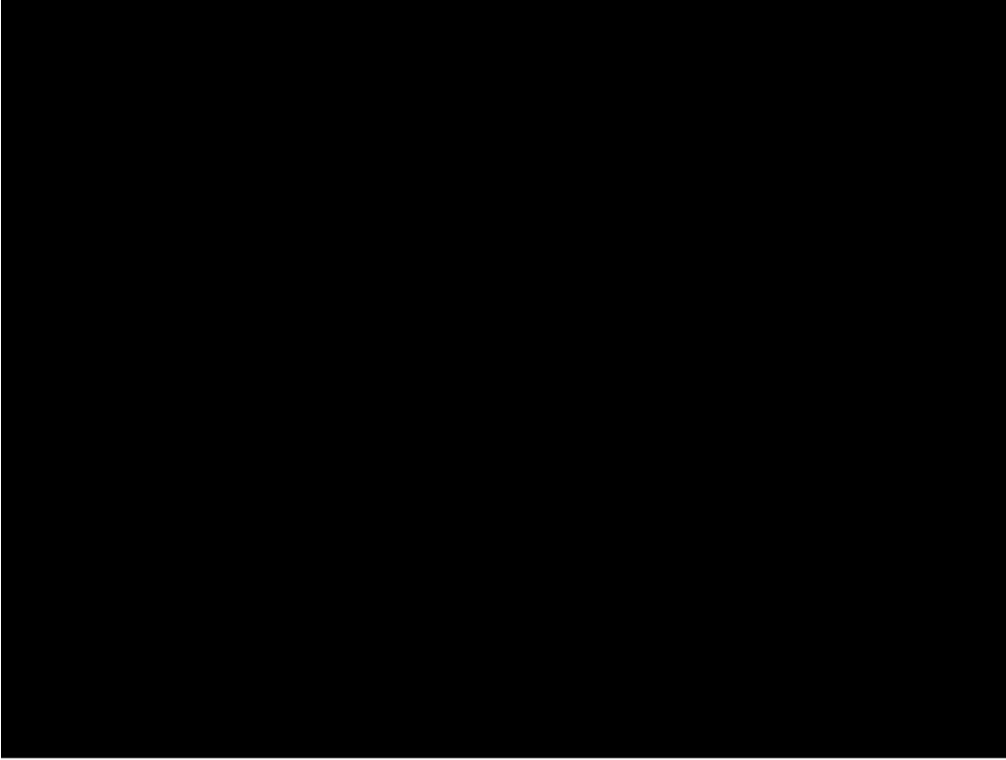

This app demonstrates how to use CSS Modules with React to create scoped styles for different themes. The current implementation allows toggling between light and dark modes.

[Switch to Dark Theme](#)

Theme Features

- Scoped CSS using CSS Modules
- Dynamic theme switching
- State management with `useState`
- Conditional class application
